**Club & Association News**

**From the Presidents Desk**

We are now getting to the busy time of 4WD trips so please have a good long look at our trip board because there is so much to choose from, if you put your name down on a trip and for some reason you cannot make it please cancel through the trip leader, keeping him up to date at all times.

Tonight we have a very interesting guest speaker with an important message to all of us so please listen carefully to

absorb what he is saying.

Some families interstate have had a bad time with fires taking all their possessions and some people have lost their lives, we also have people who need a helping hand in our state and I beg you to please help if you can.

Hope to see your 4WD in the near future.

Thanking you, Rob Stennett, President 4WD Adventurers Club

**Editor's Notes**

[newslettereditor@4wdadventurers.org](mailto:newslettereditor@4wdadventurers.org)

I have a few examples of the new club badge (as per the pattern to the right). Let me know if you would like to order any. The badges are \$8 each.

**Coonalpyn Challenge**

A club trip is planned to the sandy terrain of Coonalpyn in July 2009. The sand hills will test your vehicle (as shown by the recovery photo to the left). The trip will be a (fun) "challenge" in conjunction with the Subaru club. Will you and your vehicle be up to the inter-club challenge?

**4WD Adventurers Tasty Tried and True Recipes Request**

Please search out your camping recipes or ideas and locate 1 or 2 successful ones for others to share in.

Jean Searle will collate them into a booklet.

Hopefully this will help those new to camping or those wanting to try something else.

This sharing of ideas also helps with getting organized for that next trip.

Pop your name on the recipe if you like and place it in the

TTT Recipe box at the meeting.

## Recent Trip Reports (Pre-April 2009)

### Ingle Farm Bowland Social Evening - February 2009

A good fun night was had by 32 people who attended our bowls night at Bowland, Ingle Farm. We has a mixture of children, parents and grandparents which was very good to

Baz - our bowling champion with the trophy.

see. I think some members had a slight advantage, because they turned up with their own bowling ball and shoes which frightened some of us.

The children made good use of the side rails and this gave every player a score each time they bowled making the game much more interesting.

With the bright and colourful lights and music the night was very enjoyable and when another on is put on the trip board, I can recommend you put your name down,

Now that there is automatic scoring and no possible way of cheating I can let you know who the top scorers in their team were.

- Team 1. Rod, who was a visitor with 433 points
- Team 2. One of the child visitors with 290 points
- Team 3. Rob with 394 points
- Team 4. Angela with 318 points
- Team 5. Baz with 445 points

Who was the overall top point scorer for the night and who won the trophy donated by Kym Kinnear and family ? - See the photo above.

Ngarkat Conservation Park Interclub Working Bee Notice - 14/01/2009

## Ngarkat Conservation Park

### Interclub Working Bee- 18th,19th,20th April 2009

Ngarkat Working Bee is on and we need your help; it's that time of year again

**A Word From the DEH District Ranger**

Doesn't time fly? It seems like only yesterday we were out on the Border Track installing fences and moving rubble! But time has marched on, and the Ngarkat April Working Bee is nearly upon us again.

This year it will be held from the 18<sup>th</sup> to 20<sup>th</sup> April. Please be aware this is not a long week-end, which makes getting away from work and home all that more difficult, but we would appreciate any time you can spare.

Pine Hut Soak will be "home" for the working bee, which, as the past attendees will attest, is a beautiful campground with basic toilet facilities.

The task list will once again be varied and challenging! We will be installing more post and rail fencing across closed sections (last year's efforts have done extremely well in controlling that "1%" who do the most damage!), rubble carting, sand drift controlling, installing new concrete barriers and cabling (once again, for that pesky 1%), as well as a myriad of other tasks too!

As past attendees can tell you, the weekend is always lots of fun, with plenty of laughter and good times, so we encourage anybody who has previously thought of joining us to come down and have a go! We promise not to work you too hard...

Looking forward to seeing you there!
